OFFICE OF THE MUZRAI SUPERINTENDENT IN MYSORE

Dated Bangalore,.... 19th June 1914

DIARY No 2372
1913-1914
Muzrai
SERIAL No

From
G. Aravamudu Iyengar, Esquire, B.A., B.L.,
THE MUZRAI SUPERINTENDENT
IN MYSORE

To
D.M. Narasinga Rao, Esquire, B.A., B.L.,
Offg. Secretary to the Government of Mysore,
General and Revenue Departments

Sir,

I have the honor to state that a notification was published on the 3rd March last inviting applications for admission into the 1st year class of the Ayurvedic College, Mysore, and it was also notified that an entrance examination would be held on 1st May 1914.

2. In all, 6 applications were received but only 3 candidates attended the Examination and out of them, the marginally noted 2 persons have secured the minimum required for a pass, viz., one-third; thus, the new class will have to commence with only 2 candidates.

Annadanaiya.
Venkatadri.

3. For some time past, the members of the College Committee

Committee have been of opinion that the qualifications for entrance have been pitched too high, particularly in English and that if the Institution is to be made popular, it will have to be thrown open for sanskrit students, subjects relating to the Western system of medicine being imparted in Kannada.

4. During my last visit to Mysore I availed myself of the opportunity to ascertain if a large number of Sanskrit students would be forthcoming under the proposed conditions. An application was presented to me signed by 11 students of the Mysore Sanskrit College expressing their desire to take advantage of the concession, and a petition has since been received from another student to the same effect.

5. As the College has already reopened, and there was no time to publish a regular notification and hold a written Examination, a notice was sent to these students to appear before a Committee consisting of Messrs. A. Mahadeva Sastry, A. Annaiaya Pandit and myself. Ten students appeared before us and we proceeded to test their knowledge of Sanskrit. Four of them were declared to have passed the test and their names are noted in the margin .

G.Narasimha Ayya.
M.Madhvachar.
N. Srinivasa Char.
P.Srinivasa Char.

6. In addition to these, Jyotisha Vidwan Subrahmanya Jois has also intimated his desire to join and he may be presumed to have sufficient knowledge in Sanskrit and one Sagar Subba Rao of the Havika class may, as a special case, be exempted from the test. These 6 persons may also be permitted to join the class together with the two successful candidates of the Entrance Exa-mination. Scholarships will be provided only for these, but any other student who may have the necessary minimum qualification in Sanskrit and Kannada to the satisfaction of the members of the College Committee may also be permitted to join.

7. It

7. It appears to be necessary to have separate schemes of scholarship for the various classes of students As regards the successful candidates of the Entrance Examination provision will have to be made at the rates mentioned in the notification, Viz., Rs.8/- per mensem for the 1st year, Rs.10/- for the second year and Rs.12/- for the next two years. As regards the students of the Sanskrit College who are ordinarily fed free, a lower scale of scholarships would appear to be sufficient. These may be given Rs.3/- per mensem, for the 1st year, Rs.4/- in the 2nd., and Rs.5/- in the next two years the continuance of the scholarship being strictly dependent on their success at the terminal Examinations. There is still another class of students whose cases deserve special consideration. These are advanced students of Sanskrit who have undergone the Vidvat Examination and who desire to qualify also in medicine. These have mostly to depend on their own resources for board and their scholarships may be pitched at Rs.6/- for the 1st year, Rs.7/- for the 2nd, and Rs.8/- for the next two years. If this scheme which is also in consonance with the views of certain of the members of the College Committee whom I was able to consult in person, should meet with the approval of Government, we would have 6 students reading in the class at a scholarship expenditure which is well within the budget provision as shown in the margin.

Amount provided for this class.
5 at Rs.8/- Rs.40/-.

Expenditure.

2 @ Rs.8/-	Rs.16/-.
5 @ Rs.3/-	Rs.15/-.
1 @ Rs.6/-	Rs. 6/-.
	Rs.37/-.

8. As regards the teaching of Western subjects, viz., Anatomy, Physiology, Midwifery and Medicine, the Head Master is willing to prepare or edit text-books in Kannada on these subjects. He has nearly ready a text-book on Anatomy and I have desired him to complete it early. After completion it may be submitted to a committee of medical graduates and when approved the Government may undertake its

publication

publication and an honorarium may be granted to the author. In the meanwhile, lectures on these subjects will have to be given orally helped by demonstrations of models.

9. Early orders are solicited on the points abovementioned to enable work being commenced in the First Year Class.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Superintendent.
